News Release

NEW BUSINESSES CELEBRATE GRAND OPENING

WEST CARROLLTON, Ohio - Frank Massie, owner of MFGFIX Solutions and Kelly Massie, owner of Custom Signs and Routing, celebrated a joint grand opening of their new location at 338 Gargrave Road on Saturday, May 31.

West Carrollton council members Jim Bowers and Jim Folker along with other customers and family members joined the Massie's at the ribbon cutting.

The couple moved their business to the new Gargrave Road location because they were running out of space at their home.

MFGFIX solutions is a full-service machine shop that offers prototype design and build services. Custom Signs and Routing produces two and three-dimensional residential and commercial signs.
