

## City of West Carrollton Statement Regarding Charter Amendment Ballot Filings

The City of West Carrollton recently discovered an administrative error related to the posting and notification requirements for the Charter Amendments that appeared on the ballot this past Tuesday. While the amendments were approved by voters, the City did not meet the specific legal requirements for public notice.

Because of this, the amendments—although passed by voters—cannot take effect on January 1, 2026, as initially intended. The City anticipates placing these Charter Amendments back on the ballot in 2026 to ensure full compliance with state law.

These amendments focus solely on internal organizational and procedural updates within City operations and will not affect residents or delay City services. A list of the proposed amendments is available on our website: [www.westcarrollton.org](http://www.westcarrollton.org)

We sincerely apologize for this oversight and take full responsibility for the error. We know the community expects—and deserves—accuracy and diligence from its municipal leaders, and we are committed to meeting that standard.

We want our residents to know that when we make a mistake, we will always be honest about it, take action to correct it, and communicate openly with the community. Your trust matters deeply to us, and we remain committed to acting with integrity, transparency, and accountability in every situation as we continue to serve the residents of West Carrollton.
